PRESIDENT'S MESSAGE

Would like to thank everyone who came to the meet at our home on the 26th of July. We all had a wonderful time.

Looks like everything is all ready for the National Meet. Pat and I will be at Hot Springs on the 21st, so any of you that get there that day be sure and look us up.

The club has set a new policy for classified ads in the newsletter. So be sure to read about it at the first of the classified section. At the business meeting on the 26th of July, the club members felt this would save a lot of the members phone calls.

One of the club's member from New York came by the other day, He was Falcon Hunting. He had been all the way to Texas. On his way back to New York he came by and we went out hunting. After checking a few local junk yards and a few phone calls, we finally came up with a 1965 Futura 2dr Hardtop body for him. Hope Gary Passino will have his Falcon running before to long. Said he would be ready for the 1981 Nationals. Good luck Gary.

If any of you are ever in this area, be sure to stop and give me a call or come on by and see me. I live about 10 miles from Little Rock.

The Club has now broken the 400 mark, we now have 407 MEMBERS.

Roy E. Sword, President
Falcon Club of America

This letter is short, but I've got to get ready for the NATIONALS.

*****INFO RECEIVED*****

Barby Brunken reports that Falcon Literature is available from Mody Boatright, 629 Santa Monica, Corpus Christi, TX 78411 853-8724

Mini-Meet report held Saturday 26 July 1980.

At about 4:15 the Falcon's began to arrive at the home of Roy and Pat Sword. Convertible tops were down and all of the FALCON'S were looking Execelent. (everone had gone to a lot of trouble to have thier FALCONS looking so good, because half of them are used everyday). Mr Williams had a new paint job on his Falcon and Larry Harwell had been prepareing his Club Wagon for new paint. Glen and Linda Acrey came in a brand "X" and Mr Woods car didn't make it (had cooling problems) so Mr woods arrived with Mr Williams.

We didn't get to enjoy looking at the cars all afternoon because it started to rain and up went the tops and windows and everyone moved into the garage to look at Falcon books and to talk about Falcons. Due to the location of Roy's house (freeway/acess road/two streets) we had some extra traffic go by looking at all the Falcons lined up across the yard, it was probely the most Falcons they had seen in one group since 1970.

MINI_MEET REPORT CON'T

At 6:45 we departed for the Ramada Inn for dinner(We had a very good meal) and then held the business meeting. I think everyone had a good time and we wish to thank Pat and Roy for thier hospitality and for the use of thier home.

The following members were present with thier Falcons:

Roy & Pat Sword	63 Conv and 67 Sedan
Shrable Williams	64 Sprint
Joe & Cindy Kennedy	64 Sprint

LETTERS TO THE EDITOR

Dear Mr Sword

Thank you for your helpful reply dated June 28th. I had occasion to be in the U.S. last month, and while I was down there I got my 62's front end squeak fixed. A small garage in Mass installed a new control arm. Unfortunately, I didn't think to ask what year and model they got it from. At any rate, it worked.

I recently obtained the fall 79 issue of Automobile Quarterly, which contains an article on the participation of Falcon Sprints in the 1963 & 64 Monte Carlo rallys. As far as I know, this is the first time that the famous Falcon Sprint (or any Falcon, for that matter) has received any attention in this prestigious publication.

There is one other question I have, the answer to which may be of general interest to the club membership. Does the Club accept the 1970½ Ford Falcon? These cars were based on the Fairlane/Torino and they must be quite rare. I've only seen one or two in my life.

Yours Sincerely
Kenneth Coats

A. YES The Club accepts all Falcons..Roy

QUESTION ABOUT A 1963 Falcon Sprint Convertible..Anyone who can answer any of them send the info to Brandt Hackman FCA332, RD 2 Box 62 F, Holtwood, PA 17532

Q. Is there any difference in size (length) in a Sprint (63) trunk lid and other early 60's trunk lids (60-63)?

Q. Did the 63 Sprint come with a tachometer, Chrome air cleaner top and Chrome valve covers and Chrome oil cap?

Q. Did 63 Sprints come with a 2 or 4 barrel carb and who was the manufacturer?

Q. What is the original air cleaner size?

Q. Did the 63 Sprint come with an all transistor radio, or was that an option?

Q. Is there a Sprint oil pressure and battery reading gauge?

FCA at RAGGTOPPS CONVERTIBLE CLUB MEET

On July 27, The Raggtopps convertible Club held its meet at Dupree Park in Jacksonville, Arkansas. Three of the Falcon Club members were there in Falcons. Those attending were Homer Greenlea from Pine Bluff, Arkansas, Glen Acrey From Lonoke, Arkansas and Roy Sword. Homer had his 65 Convertible, Glen had his 64 Convertible and I had my 63 Convertible.

They were about 30 cars at the meet, so with 3 Falcon there that is about 10% Falcons. I don't think that's bad at all. Let's keep them Falcon in the Shows everywhere and show them the Falcon is a car to be proud of.
